3

An Ac partnership for the transformation of education

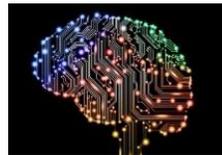

1. CONFEMEN : a Francophone reference institution to support the education policies in Francophonie

The First international francophone institution (since 1960)

A worldwide organization (44 members from 4 continents)

An expert organization in the field of education

1. CONFEMEN : a Francophone reference institution to support the education policies in Francophonie

WE STAND FOR

The right to quality education for all in accordance with the international and constitutional commitments of States

The global values of the Francophonie:

Promotion of the French language

Democracy and human rights

Peace and citizenship

Cultural and linguistic diversity

Equality between women and men

Solidarity

1. CONFEMEN : a Francophone reference institution to support the education policies in Francophonie

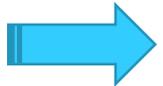

Our vision

Assert CONFEMEN as the political and strategic reference institution for education policies in Francophonie, by providing member states and governments with the information and evidence necessary to make transformational decisions for achieving MDG4

Our missions

Produce relevant and useful data to help decision-making

Facilitate policy dialogue between ministers, experts, civil society and partners

Support education policies for a qualitative and inclusive transformation of education systems

1. CONFEMEN : a Francophone reference institution to support the education policies in Francophonie

Our main topics

Equity and quality

Teachers training quality

Reform of the Curriculum

Purilingualism, cultural diversity

Child Hood and Pre scholar education

Education Ressources

Digital education, quality of textbooks

Alternative education / TVET

Physical education and Sport

Financing education

We committed to these key issues

1. Solving learning poverty in the country members
2. Responding to the real needs of states to help them achieve the MDGs₄ in particular
3. Action based on the study of the sectorial plan of education of the countries

2. A strategic plan 2022-2026 geared towards achieving SDG4

Strategic plan adopted by the 59th Ministerial Conference in Rabat (Morocco)

Our global objectives

1

Support evidence-based education policies (Evaluation, research, studies)

2

Support pilot actions in countries to transform education

Our main programmes

PASEC

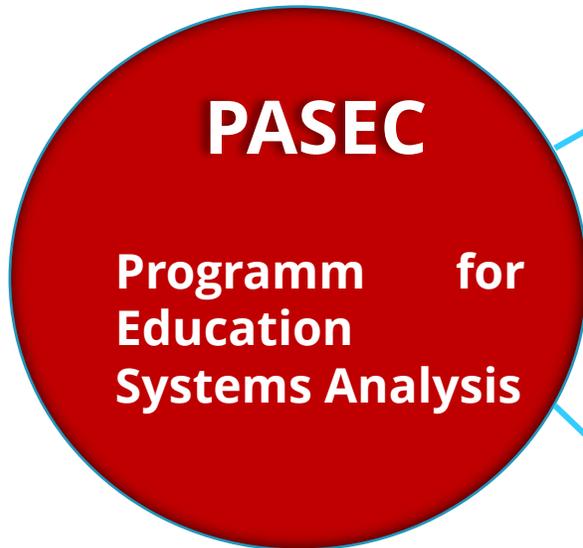

Programme for Education
Systems Analysis

PACTE

Programme of Support for
Educational Change and
Transformation

2. A strategic plan geared towards achieving SDG4

PASEC intend to provide states with data for policy decisions on educational development

- ❖ Production and analysis of data on the Francophone education systems
- ❖ Support for the use of evaluation and research results and knowledge production
- ❖ On-demand service (Capacity building in learning assessment)

- ⇒ **Assessing reading and mathematics skills**
Basic education / Alternative and pre-school education (optional)
- ⇒ **Teacher survey** on teaching skills and teaching resources
- ⇒ **Contextual survey** (school environment, family, etc.)
- ⇒ **Analyze of the factors of school success** and help policies decisions

The only organization that conducts international assessments of learning outcomes in French-speaking countries in the South

- ⇒ Number of national learning assessment since 1991
- ⇒ 3 international learning assessments: 10 countries in 2024 / 14 countries in 2019/ 23 countries for 2024 (2 anglophones non-members states)

2. A strategic plan geared towards achieving SDG4

PACTE Intend to transform education through sharing knowledge, good practice and pilot actions

PACTE

**Programm of Support
for Educational Change
and Transformation**

- ❖ **Education policy support for the transformation of education systems**
- ❖ **Data production and decision support and identification of research avenues**
- ❖ **Policy dialogue on education sectors and reforms**

- ⇒ **KIX Africa 21 (CONFEMEN, AUF, OIF):** 21 countries of sub-Saharan Africa (supported by GPE and IRDC)
- ⇒ **Educational Textbooks Evaluation:** 6 countries first, 10 in project
- ⇒ **ImaginEcole :** digital education to change teaching and learning practices in primary and secondary school (11 countries)
- ⇒ **Quality assurance in teachers training** (4 countries)
- ⇒ **Observatory of Quality of education (OQE):** Research and studies on education issues (gender, family role, school and teacher's effect...

PACTE materialize CONFEMEN's strategy to support transformative action in countries based on the results of the data produced

(Since 2022)
